

This unique vocalist, singer-songwriter/composer/arranger, recording artist, producer, keyboardist, voice-over artist and percussionist is a true entertainer in every sense of the word. Her career was fueled early on by her passions and honors (*voted "Most Unique" and "Best Actress" out of her high-school senior class of over 400, 1st place winner, Florida State Competition, Concert Choir, an International Thespian Society "All-Star Cast Award" recipient, multiple "Pride" writing award recipient, a Miss Largo finalist, a Schimburg Performing Artist Scholarship Recipient*) and her over-the-top energy, dynamic stage presence and incredible chameleon-like ability to perform and create multiple styles of music, has lent on-going comparisons to top musical artists including India Arie, Madonna, Fergie, Sade, Tina Turner, Alanis Morissette, Pink, Gladys Night, Bette Midler, Shania Twain and beyond.

Though she has a distinct sound and style that is truly her own, her ability to successfully navigate from smooth & traditional jazz to high-octane pop and R&B to even hard rock & country music has kept her sought-after and working steadily since 1993, fronting a variety of top Tampa Bay area projects including "Impressions Entertainment A La Carte" (Vegas-style show) Ivory Tyger, Wavelength, The Carter Brother's Band, Tribal Vision, Moxie, Bus Stop, Synchronicity, her own bands, "Sister T & The Flame" & "Terez & BEYOND!" and Double Take/Take 3/Take 4 (with award-winning Citiheat saxophonist Jerry Kenney & many of the Tampa Bay area's musical elite).

Two of her original "feel-good" songs from her 2010 release "MORE" are currently in use for Big Cat Resue.org ("Beautiful, Wild and Free" for a fund-raising program) and ChangeThriver's Radio.com

("Welcome Change", is the theme song of Change Thriver's Radio).
